HARDISTY SCHOOL

2000-2001

PRINCIPAL'S MESSAGE

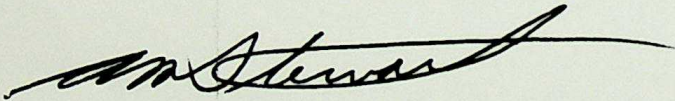

I have always found the end of the school year to be a sad time and this year is no exception. We have just begun to know one another, to understand each other's idiosyncrasies, now its time to move on, time to say farewell and to attempt new challenges at higher levels. A special time in our lives has come to an end. We will never be able to repeat it. It will never be the same.

As you move forward to the next phase in your journey, may we have done our part to instill within you the skills and attitudes you need in order to stand firm with optimism, courage and determination, continuing to strive for excellence in everything you do.

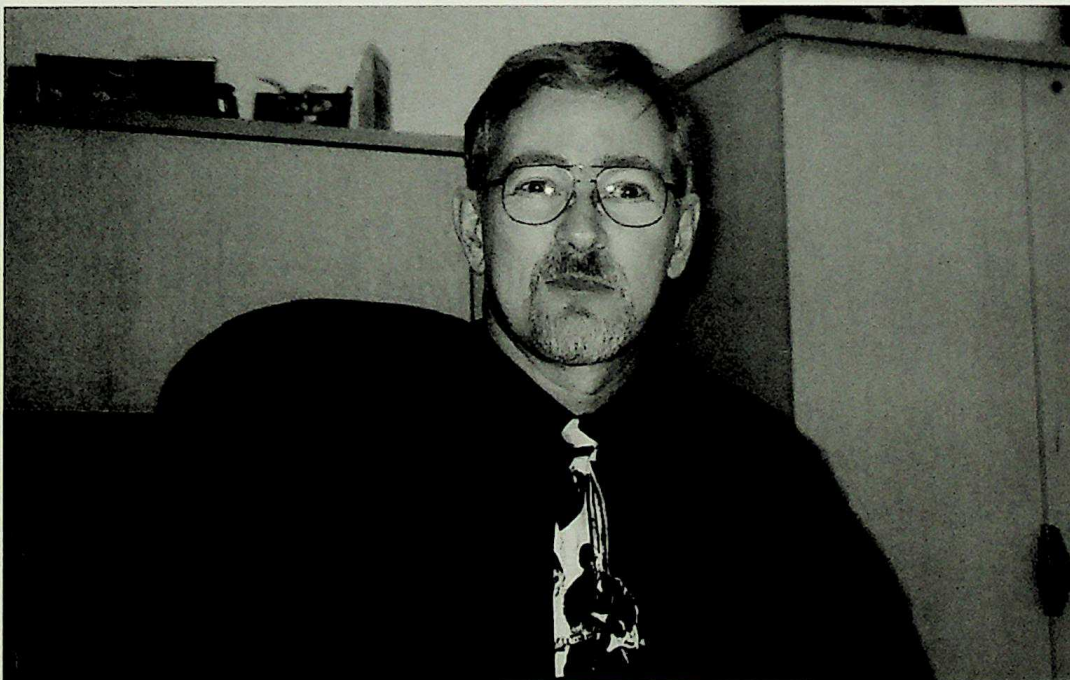

I trust that the memories your yearbook committee has captured in this volume will become cherished reflections of the wonderful times you had during this remarkable time in your life.

Youth! What advantages you have! Energy and life beam from every pore. Eyes sparkle with new discovery and anticipation. You are quick to dive with fervor into things new and untried. When that enthusiasm is channeled in the right direction you can slay dragons and move mountains. You can change the world!

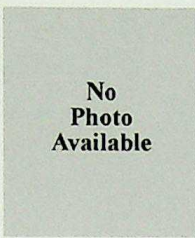

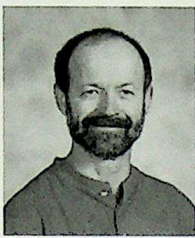

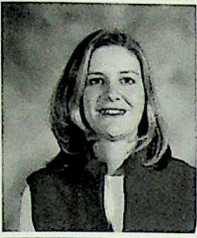

I wish you only the best. God bless.

A handwritten signature in cursive script, appearing to read "Avery Stewart".
